

## ALUM and MULA ILLUMINATE and ALUMINATE

C'est en fait prononcé. AH - LOO - MIN - EE - UM et c'est vraiment mauvais pour vous quand surtout les micro-ondes et les ondes cellulaires le marteler incinère plus rapide que plupart matériaux. Jamis emmené chez les nettoyeurs à sec? Ha Ha Sucker! Alum est un agent aliment de séchage sans danger, c'est partir des mêmes roches que celles de l'aluminium! Dites-le à l'envers! Mula! HA HA HA SUCKER! Dans la cuisine chinoise depuis aussi longtemps qu'ils souviennent! DANS LA NOURRITURE CHINOISE! Probablement depuis que le général Mao sauce au poulet magique rouge! HA HA HA SUCKER!

Illuminer, aluminium, aluminium. Oh dis, peux-tu voir? Et pour Moola! Moulin Rouge et Lum. Le plus ancien de tous les mantras oublié dans le temps. Les chapeaux en aluminium des années 70 n'ont rien sur les radars à rebond et les modèles de réflexion par dispersion. HA HA HA SUCKER!

QUI SE FAIT NU MAINTENANT HOLLOW MAN!

**alum (n.)** "sel minéral blanchâtre utilisé comme astringent, colorant, etc., " late 14c., du vieux français alum, alun, de latin alumen "alum," literally "bitter salt," en relation avec greek aludoimos "bitter" et peut-être avec english ale. On dit que les mots slaves sont du germanique.

Dis-le de la bonne manière, AH - LOO - MIN - EE - UM

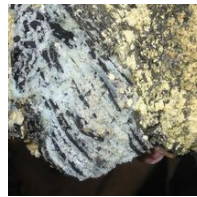

**Dites ALUM à l'envers! Mula!**

UTILISEZ MULA À LA PLACE!

*Mantra of Humility: LUM (mul inversé): Rune of Humility: In Paws dans un coin de montagne dans la partie sud-est du village.*

## ALUM and MULA ILLUMINATE and ALUMINATE

It is in fact pronounced. AH - LOO - MIN - EE - UM and it's really bad for you, especially when microwaves and cellular waves pound down on it as it incinerates faster than most materials. Ever been taken to the dry cleaners? Ha Ha Sucker! Alum is a food safe drying agent that is made from the exact same rocks that make aluminium! Say it backwards! Mula! HA HA HA SUCKER! It's in chinese food and it has been for as long as they can remember! IN THE CHINESE FOOD! Probably since general mao chows red magic chicken sauce! HA HA HA SUCKER!

Illuminate, Aluminate, Aluminium. Oh Say Can You See? How about Moola! Moulin Rouge and Lum. The most ancient to all mantras forgotten in time. Tin foil hats from the 70's got nothing on bounce radar and scatter reflection patterns. HA HA HA SUCKER!

WHOSE GETTING NAKED NOW HOLLOW MAN!

**alum (n.)** "whitish mineral salt used as an astringent, dye, etc.," late 14c., from Old French alum, alun, from Latin alumen "alum," literally "bitter salt," cognate with Greek aludoimos "bitter" and perhaps with English ale. The Slavic words are said to be from Germanic. [etymonline.com/word/alum](http://etymonline.com/word/alum)

Say it the right way, AH - LOO - MIN - EE - UM

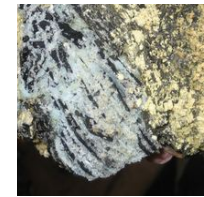

**Say ALUM backwards! Mula!**

USE MULA INSTEAD!

*Mantra of Humility: LUM (mul reversed): Rune of Humility: In Paws in a mountain nook in the southeast part of the village.*
